

WORK WEAR

branded for safety

VALUES

- Integrity First
- Selfless Service
- Excellence in all we do
- Respectful and Empathetic to all

MISSION

Work Wear Safety Shoes partners with employers to deliver high quality footwear and services to keep their workers safe.

VISION

The most trusted and respected safety footwear company. Dedicated to the success of our customers, employees, and communities.

BENEFITS OF A FOOTWEAR PROGRAM

- Reduce the potential of costly lost time injuries by protecting all employees feet.
- Ensure the types of footwear worn by employees works best in your work environment.
- Consistent application of corporate safety shoe program at all company locations.
- Corporate account invoicing can be processed to a central address or to individual sites.
- All aspects of a corporate program can be reviewed periodically.

WORK WEAR CORE COMPETENCIES

1. Experts in the field of safety footwear
2. Retailers of over 40 brands of work boots
3. Qualified to assist with workplace hazard assessments
4. Safety shoe programs for all sizes of companies
5. Customer service driven
6. Veteran owned, Texas based small business

GETTING STARTED

We will work with you to complete these easy steps to develop your company's customized safety shoe program:

1. Review your safety footwear requirements
2. Schedule a workplace hazard assessment (optional)
3. Finalize a recommended product assortment
4. Identify jobsite locations and on-site contacts
5. Select the best methods of service
6. Arrange billing and types of payment
7. Schedule a program launch date
8. Produce program posters, brochures and/or digital assets - (complimentary)

CUSTOMER REMARKS

WHAT OUR CUSTOMERS ARE SAYING

"Work Wear Safety Shoes has great customer service. They were courteous and attentive to helping me get my order. You've reminded me that there are still people and companies that value customer service."

"The logistics of their customer service protocols proved to be very efficient in fitting shoes and delivering product for approximately 700 employees in what amounts to a week's turnaround time once inventory was set-and that took only a few days."

"This program has seen a very positive return on the investment. In the four years prior to the shoe program, in a given year our ... claim expenses was \$309,438 for slips/trips/fall claims. In the two years of the shoe program, ... the lowest claim expense reduced to \$56,794 ... or 82% without the cost of shoes added in."
