

REVIEWS OF GEORGE T. FESPERMAN, III ABR, GRI

This was our third experience with George Fesperman as our realtor which

h speaks volumes. He has always been very prompt with answering our questions, courteous, and wonderful with presenting our home through media. I would recommend him to anyone looking to buy or sell property. Thanks George for everything.

George was always professional. He patiently answered our questions when we discussed getting our house ready for potential buyers to view. I felt we got a fair price for the property and it was sold in a timely manner. I would recommend Fesperman Realty to anyone who needs real estate help.

Our experience with George was fantastic. He has a keen instinct for figuring out what your needs are for a home and really listens to you. His vast knowledge of the area and the history of our community makes you feel right at home. I would classify myself as a difficult client but George made the process easy. He even showed me the best route to work. He is well respected in the community and truly will make the house buying experience a pleasurable one. My family and I now refer to George not only as our real estate professional but also our friend. If you are looking to buy or sell a home, then George Fesperman should be your real estate professional. It has been a few years since we purchased our home. Our

children still recognize George from his billboards and say “Hey George”. Our family would like to say thank you again for all your hard work in helping us find our home.

It has been a while since I purchased my home with George’s assistance, but I remember that he never seemed frustrated if I desired to look at other houses that were available for sale. I never felt pressured to make a hasty decision either. If I had questions that decision either. If I had questions that he did not know immediately, he would find out in a timely manner and get me the needed answers swiftly. When I wanted to see other homes, he would make arrangements for me to visit the homes and would have the necessary paperwork that related to the latest additions, modifications, dimensions and average monthly costs of electricity, water, etc... If I were looking to rent or purchase in the future, I would seek George Fesperman again.

After having first listed our house with a friend of a friend (with a subsequent and disappointing lack of communication or activity), my husband and I chose to list our home with George Fesperman because of his apparent reputation. His signs were on properties all over Ware County, and we noticed the signs were moving. We figured he must be a proactive Realtor, and we were right. Before we relocated to another state, we listed our property with Fesperman Real Estate. He called, emailed, and texted us frequently regarding inquiries and showings and voiced a few concerns with the property. We were able to address those minor issues across the miles. The home was subsequently sold, and

George clearly communicated everything we needed to do for an easy long-distance closing. He took care of everything and closed the house with us a thousand miles away! We are so confident in the kind professionalism of George Fesperman that we recently listed our rental property with him as well.

When I first started my home buying process, I decided to do it on my own. George was the first seller I had contact with and I never looked back. He was available (via text, email, or phone) almost at all hours of the day and was super quick at returning messages (within the hour). Since George is from around our area, he knew almost everyone and had a personal knowledge of the homes (and their owners). I never had to repeat what I was looking for in my first home. He only showed me homes within my budget and never made me feel inadequate about my preferences. George didn't even mind showing me this one house (which I ended up buying and LOVING) 6 or 7 times. He gave my space to thoroughly inspect the home. He was there to answer questions when I had them and to give tid-bits about the neighborhood. I would HIGHLY recommend George if you're a buyer OR a seller.

George is the ultimate professional with great knowledge of the area and a talent for recognizing what you are looking for as he sees you respond to various “home scenarios”. I’ll work with him going forward!

From the very beginning, George was very helpful and encouraging. We knew the market was slow at that point but he kept giving us tips and advice to assist in making the house more attractive. He stuck with us throughout the process and in the end, his patience and perseverance brought about the sale of my family home. We are most grateful and recommend George to anyone in need of a Realtor.

I have known George most of my life. He is professional, detailed, and caring. When I sold my mother's home, he guided me well and obtained a fair price. I give him my highest recommendation.

George persisted until we found a buyer! While we had found someone we thought was going to purchase the property, it just never happened. When a prospective renter became a prospective buyer, we were elated! George took care of almost everything. So glad our property sold.
