## **FOR IMMEDIATE RELEASE**

### **Strike releases its very own range of Rugged Cases for Smartphones and Tablets**

Brisbane, April, 2017 – Strike Group, the world-leading provider of car cradles, device mounts, and hands-free car kits, has released its own line of Rugged Cases for mobile phones and tablets.

Strike wanted to design a ruggedized case that is incredibly resistant to sudden impact drops and unwanted scratches. The Strike Rugged Case is a versatile phone protector. It features a highly durable rugged design; the outer layer is made from rigid plastic, and has an inner layer made from soft Gel/Silicone for maximum protection.

Strike Rugged Case also comes with a built-in kickstand that can work horizontally to help you view your videos and other files hands-free. It also has extra bumpers around its 4 corners to make phones and tables extra shock-resistant. All of this backed up by a lifetime warranty.

“Our new Strike Cases are the perfect phone accessory for people with active lifestyles,” says Chris Ryan, CEO of Strike Group.

Strike Rugged Cases for your favourite smartphone or tablet are now available on Strike’s website.

#### **About Strike Group:**

Strike Group is Australia’s leading provider and manufacturer of innovative car technologies. Strike integrates innovative design and seamless engineering in all its products. The company now exports to 72 countries having appointed key partners in the American and European market.
