## FOR IMMEDIATE RELEASE

### **STRIKE DEVELOPS PHONE HOLDERS FOR THE LATEST SAMSUNG FLAGSHIP, SAMSUNG GALAXY NOTE 9**

Strike Group, the world-leading manufacturer of innovative car technologies, introduces a new range of device holders for Samsung's latest flagship mobile: the Samsung Galaxy Note 9.

This latest instalment in the Note series has a similar build as its predecessor, the Samsung Note 8. However, the Note 9 features a new and improved camera with an adjustable aperture, super slow-motion capabilities, and improved low-light camera. Other details include a faster processor and an upgraded digital assistant, Bixby.

Strike's goal, as a Samsung partner and the world-leading company in hands-free tech solutions, is to provide the best experience for all mobile devices users. The Strike Alpha Cradles for the Samsung Note 9 are designed to securely hold and safely charge your Note 9 as you drive.

"The way we use our smartphones has evolved. At Strike, we constantly provide hands-free solutions to further maximise the use of devices like the Samsung Galaxy Note 9 and allow users to stay connected at all times," says Chris Ryan, CEO of Strike Group.

The Samsung Note 9 Alpha cradles are manufactured with an internal passive antenna designed to boost the phone's signal when attached to a reputable external antenna. These Strike Alpha phone holders are fully compliant with road laws and engineered to withstand up to 25-G. Strike Alpha Cradles also support Samsung fast charging, and the latest fast wireless charging.

The Samsung Note 9 cradles can be professionally installed, or a do-it-yourself version is available. Since the Strike Alpha Car Cradle keeps your hands free, it minimises driver distraction.

Strike Alpha Car Cradles for the Samsung Galaxy Note 9 is now available for PRE-ORDER. Check out our website to learn more: <http://www.strike.com.au/Latest-Alpha-Cradles/samsung-galaxy-note-9-car-cradles>
