

Essential Range Gear

Make the most out of your range time with these innovative and useful products.

Capable of accommodating scoped carbines of 33.5 inches, the **Flying Circle Gear Scoped Carbine Case** features extra-thick padding, along with a durable, water-resistant, polyester exterior to protect your firearm. Different tactile zipper pulls along the main compartment and accessory pockets allow for easy identification in low light. An extra-large side pocket contains six magazine pouches and MOLLE webbing along the outside facilitates carrying extra gear.
