

Smart Group

A Smart Solution for High Noise Tours and Training

• Communication • Awareness • Protection •

Sensear's Smart Group products are an industry leading solution for companies who carry out facility, factory and plant tours and training in noisy environments. The tour guide and participants will benefit from the face-to-face and short range (headset-to-headset) communication capabilities as well as protecting their hearing at the same time. This is achieved through Sensear's industry-leading SENS[®] technology that enhances speech and suppresses background noise so users can communicate safely and effectively in noisy environments.

Teacher

SENS[®] TECHNOLOGY • FACE-TO-FACE • TWO WAY* •
BLUETOOTH • SHORT RANGE • TRANSMIT & RECEIVE

Sensear's Unique Technology

Sensear's industry-changing SENS[®] technology simultaneously combines speech enhancement with noise suppression to deliver a total high noise communications and protection solution by recognizing the different properties of speech and background noise. SENS[®] enables users to remain aware of their surroundings, communicate in noisy environments and protect their hearing from harmful noise.
