PFERD

Now PFERD has a range of hole saw kits suitable for any tradie!

- PFERD hole saws provide fast, accurate hole cutting with tough fracture resistant HSS Bi-Metal.
- The alternating tooth pitch prevents any chattering during sawing.
- Recommended for alloy & non-alloy steels, stainless steel (INOX), cast iron, aluminium, copper, bronze, brass, wood, and plastics.
- Drives: drill presses, lathes, portable electric drills with corresponding speeds and power output.

PFERD

Now PFERD has a range of hole saw kits suitable for any tradie!
